To Whom It May Concern,

Thank you for your recent inquiry regarding the regulatory status of Avery Dennison Label and Graphic Materials North America (LGMNA) products listed above.

California Proposition 65

According to the manufacturer of the products listed above, they do not contain any substances listed in the regulations implementing "California Proposition 65" (formally titled "The Safe Drinking Water and Toxic Enforcement Act of 1986") at a level over 100 ppm.

The disclosed information referenced above is, to the best of our knowledge, based solely on the data and information provided by our raw materials suppliers and in our manufacturing process. Because LGMNA has not conducted testing, we recommend that you or your customer(s) make your own determination on the suitability of the products listed above for your particular application.

We believe this information is accurate and is offered in good faith. This information is subject to revision when additional knowledge/information is gained.
